Mrs. Liz Crowder, Bealsey's Literacy Coordinator, collaborated on the Winter Program. She introduced the Cozy theme to the children by reading books about coziness, which inspired the children to complete graphic organizers about what makes them cozy. Mrs. Crowder facilitated having the children write about what makes them cozy. It made for an extra cozy celebration, helping the children get in the spirit of holiday coziness. We are excited that some of the children will share what makes them cozy during today's performance.
